### VERMONT NEWS

Hedgehog bounties were paid on 112 heads in Stratton in one week recently.

Passengers on trains January 12 noted that farmers below Putney station were plowing the fields.

As a result of the icy roads in Proctor last week, Charles Mead lost 72 bottles of cream and some milk by the upsetting of his sleigh. He was thrown from the sleigh but was uninjured.

Superintendent Wilfred Smith of the Woodstock Electric company received a shock from a switch carrying 2,200 volts, while at work at the station last week. As he was standing on an insulated box, he escaped with a badly burned hand.

George Wilson, an employee of the S. A. Smith company of Newfane, is in the Brattleboro Memorial hospital ill with blood poisoning. Mr. Wilson got a silver into his knee about seven weeks ago, which was taken out with a knife that had been used to remove covers from cans. Blood poisoning set in and his condition since then has been serious.

Three trunks full of smuggled articles of wearing apparel, about 500 in all, seized some time ago by the government authorities in Vermont, have been ordered condemned by Marshall Horace W. Bailey and will be sold at Burlington about March 1. One hundred and seventy-five cases of bad catsup seized because it did not comply with the pure food law has been ordered destroyed.

E. P. Osgood caught a peculiar bird in Newfane Tuesday. As he was driving along he espied the bird hopping about the meadow, and after about fifteen minutes succeeded in catching it. It has a long neck and bill. The plumage is white on head, throat and under part of the body. The back is spotted, white and bluish. The bird has web feet and apparently belongs to the water.

Elijah J. Davenport, for many years an employee of the American Fork and Hoe company of Wallingford, died Friday of last week of blood poisoning. Mr. Davenport got a small piece of steel in his thumb about a week ago, but was not taken seriously ill until the day before his death. Physicians were to have amputated the arm the day his death occurred, but when they arrived at his home found that the poison had infected his body.

The Windsor County Agricultural society held its annual meeting last week Thursday in Woodstock and found that the fair had left \$137.36 in the treasury. The sum of \$1,832.42 was received from tickets of admission to the fair; \$488 from the grandstand, \$433.85 from the bucksters. The total receipts were \$5,283.16 and the expenditures \$5,145.80. There was only one change in the board of managers, J. S. Eaton succeeding C. H. English, who retired as treasurer, after many years of service.

Six Washington, D. C. high school boys have been suspended from school as a result of a "joy ride," taken by them one day last week in an electric automobile owned by Representative David J. Foster. The boys after drinking some wine which two of them got at a saloon took the automobile, which was standing in front of a school building, and after running it around for some time, left it at the Washington monument grounds considerably damaged. Mr. Foster was disposed to be lenient in the matter of prosecution, according to the Washington Star, if the boys or their parents would pay the expense of repairs to the automobile.

A peculiar accident in Grafton caused the death of John Hakey, aged 18 years, last Tuesday. He was working with others on a pulp job and a chute had been built for sliding the pulp wood down a steep bank to a point where it could be taken by teams. The pulp was lodged in the chute and Hakey was some distance down the line, clearing the jam, when a stick was started from the top. A fellow employee shouted to the man below, and when Hakey jumped aside he went over the edge of the bank. He was found about ten feet down in an unconscious condition, from which he never rallied, dying that evening. The singular feature of the case was that, while symptoms indicated an injury to the brain, there was not the slightest external injury.

### MINE IN STATE OF SIEGE

Cobalt Workers Receive Threatening Letters from Strikers.

Cobalt, Ont., Jan. 27.—The Keeley mine is in a state of siege. Western Federation pickets are stationed at Leon lake, where the trail from Silver Center passes to the mine and subject all passers-by to scrutiny. The men still working at the mine are receiving threatening letters. The cook, while driving was pulled from his sleigh and warned, and other men are turned back.

Manager Travers and his superintendent are in Cobalt trying to obtain men to run the property. No operations are going on underground and everything is being run at a dead loss. If men cannot be obtained inside of a month the mine will shut down temporarily.

Manager Travers claims he was given no notice of the strike, as required under the Lemieux Act. Police will go to South Lorraine to prevent molestation of non-union men. The cut in wages brings the scale down to the Cobalt mine managers' rate.

To Cure a Cold in One Day  
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 36c.

### BRIDGES STRENGTHENED

\$50,000 Expended on Structures Between Bennington and Hoosick Falls

Notice was received recently at the office in this village of the Hoosick Railroad company that the property of the Bennington & North Adams Street Railway company in Vermont has passed into the hands of the Vermont company, and the reports are to be directed to the latter company.

George E. Greene, superintendent of the Hoosick Falls Railroad company, on Thursday, attended a meeting of the officials of the Bennington & North Adams Street Railway company, held at the New York Central terminal.

The work of overhauling and strengthening the bridges of the trolley line between this village and Bennington, which has been in progress since September first, under the supervision of William Johnson, of the engineering department of the New York, New Haven and Hartford railroad, is now practically complete and the engineer has returned to his home in Springfield, Mass.

Every bridge along the line between the two villages has been provided with new and substantial abutments, with the exception of the Geer Hollow bridge. Many of the steel bridges have been strengthened with additional steel beams. All of these structures will now sustain, without danger, a weight of from fifty to sixty tons.

The largest outlay was at the so-called Frazier bridge, east of Battlefield Park. The bridge was raised five feet on the foundation and its eastern approach, extending 1,100 feet, was raised eleven feet at the greatest fill.

The engineer estimates that the expense of these improvements to date is over fifty thousand dollars. In the spring the road bed and track will come in for a thorough overhauling and will comply, when completed, for almost the entire length between Hoosick Falls and Bennington, with the requirements for a steam road. This will place the Vermont and the Hoosick Falls Railroad companies in a position to afford the same rate of speed that is now maintained between Bennington and North Adams, and thus reduce the time required to make the trip to Bennington by thirty minutes.

Superintendent Greene of the Hoosick Falls Railroad company, transmitted on Thursday evening to the Public Improvement commission of this village the following communication: "We have been informed that you have carried out the charges for the Main street macadam paving against this company as an assessment, or tax, against the property and that you are attempting to levy the cost to us as a tax against the property. If this is so, we desire to emphatically protest against it because the material and labor required in paying between the tracks and for two feet on each side was in pursuance of a certain agreement, and the cost thereof can only be collected by reason of said agreement, and in pursuance thereof, and you have no right to levy an assessment against us therefor. We therefore object most strenuously to any assessment on account of said macadam pavement." Hoosick Falls Democrat.

### SALARY LIMIT OF \$3000

John H. Farrell Elected President of New York State League

Albany, N. Y., Jan. 28.—The franchises of the eight clubs which expired Thursday, were renewed for five years numerous constitutional amendments were adopted, John H. Farrell was re-elected president, secretary and treasurer, and the salary limit was fixed at \$3000, at the meeting of the New York State Baseball league.

It was decided that in the event of a club's retiring from membership in the league and another's being chosen to fill its place the retiring club will not have a vote on the question.

Other constitutional changes were: The guaranty fund of the teams shall be paid to the league treasurer by February 1 instead of April 1 as formerly.

The board of directors shall comprise the president of the league and one member of each club.

Restricted contracts and side agreements are prohibited.

In the failure of the regular umpire to turn up at a game each club captain will select one man from three men on the other team. These two will umpire the game.

Clubs are prohibited from selling or trading players to any team in the league during the last 30 days of the season.

The failure of a visiting club to furnish its batting order to the home team before 10 o'clock on the morning of the game will be punishable by a fine of \$10 to be paid to the home club and the giving of rain checks is made optional.

Any club refusing to continue or begin play, or failing to report at the time fixed for the game except in the case of railroads, etc., or allowing the team to leave the grounds, or refusing to play when ordered to by the umpire may be fined not less than \$100 and not more than \$500 by the president of the league, the amount to be paid to the president of the league within 10 days.

### LORIMER ELECTION REPORT

Senator Cummins Opposes Exoner-  
ation of Illinois Man

Washington, Jan. 28.—His argument against the adoption of the committee resolution exonerating Senator Lorimer of Illinois from the charge of having procured his seat by corrupt means was resumed in the Senate yesterday by Mr. Cummins who declared there were many circumstances going to sustain the charge.

The Iowa Senator continued his dissection of the testimony introduced in the case. He declared it would have been impossible for the human mind to have fabricated such a story as that supplied to the Chicago Tribune by Representative White of the Illinois Legislature without having it refuted by the facts. This refutation, he said, had not resulted.

Arlington—F. N. Canfield, Sylvester C. Deming, Martin Paul Deming, H. T. Taton, J. R. Judson, A. H. Judson, Ira J. Warner.

### INDIGESTION

#### An Interesting Statement

Portland, Me.—"I suffered so long with indigestion and stomach trouble that I lost flesh rapidly—I had used all kinds of remedies without help. Vinol was recommended and I decided to try it.

"I soon commenced to feel better, my stomach trouble disappeared and I can eat heartily without the slightest distress. My experience leads me to believe that no other medicine equals Vinol for stomach troubles and indigestion. It tones up the stomach, increases the appetite and creates strength." W. E. Waterhouse. (We guarantee this testimonial to be genuine.)

Vinol seldom fails to strengthen and tone up the tired, overtaxed and weakened nerves of the digestive organs, and soon enables the sufferer to digest with ease the foods that once caused distress. Moreover Vinol is delicious to the taste, contains no oil and does not upset weak stomachs as do old fashioned cod liver oil and emulsions.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. W. L. Gokay, Druggist, Bennington, Vt.

#### A Card.

We the undersigned, do hereby agree to refund the money on a 50-cent bottle of Green's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

Thompson's Pharmacy, J. M. Ayres, A. S. Hathaway, Harwood Drug Store, C. R. and A. B. Hawkins, B. A. Quinlan, E. C. Woodworth, W. L. Gokay, O. E. Adams.

### TAMPA CIGARMAKERS BEATEN

Strikers Go Back to Work Without Conditions

Tampa, Fla., Jan. 28.—Following a three days' conference between the joint advisory board of the Cigarmakers' association and a committee from the Manufacturers' association, the advisory board has issued a statement calling off the strike and ordering the men back to their benches. Proposals made by the manufacturers were not considered by the advisory board in calling off the strike.

Members of that organization preferred to make the submission unconditional. The strike, in point of numbers and financial loss to Tampa was the biggest in the history of the South. For seven months between 10,000 and 14,000 workmen have been out of work, entailing a weekly loss in salaries alone of over a quarter of a million dollars.

### Real Estate For Sale

The two story, frame dwelling formerly known as the Lyman Patchin homestead situated No. 636 Main street in Bennington village.

The two story frame dwelling No. 638 Main street first house east from the Lyman Patchin house.

The 1½ story frame dwelling No. 339 Pleasant street. The 1½ story frame dwelling No. 337 Pleasant st.

All the above property being part of the Patchin Property is offered at reasonable prices and if sold possession of any parcel will be given upon short notice.

The Root homestead on South street in Bennington village, consisting of large dwelling in good condition with modern improvements, a fine barn, the blacksmith shop on corner of South and Elm streets and about three acres of land. This property is very desirable for residence or business purposes on account of its location and extent. It is particularly well situated for hotel purposes.

The brick store building, No. 409 south side Main street, now occupied by Mulligan and Roche. This building is located in the very heart of the business section and is suitable for any line of business.

The home place of the late Arthur C. Sweet, No. 322 west side of North street, consisting of a good two story dwelling with steam heat, electric lights and other improvements. A good barn, a small building used as a studio and an extra building lot. Possession given within 30 days after sale.

The two story modern double tenement owned by Charles B. Viall Jr., situated at 310-12 Silver street. This house has been built but a few years and is in first class condition and is offered for sale only on account of the owner's removal from town. A fine opportunity to acquire a home or an investment property or both. The place will be sold for less than it would cost to duplicate the house.

The George F. Heath house on Elm street, a two story and basement three tenement house with lot 72x110. This property will be sold at a price that will enable the purchaser to secure better than 10 per cent investment upon the purchase price. Also two building lots adjoining said house on the east, each 60 x 125 feet in size.

The 1½ story frame late roofed dwelling No 106 Scott street with lot 50 ft. front on Scott street and extending through to Pratt street with a similar frontage on Pratt street. Immediate possession given. Price \$1300.

A two tenement house on Pleasant street at a price that will pay the purchaser 10 per cent upon cost price of the property.

For price and terms of sale of any of above described properties apply to
